Project Scope and Goals

- Reconfigure the Intersection of Mulberry Street and Derry Street
  - Create a neighborhood gateway
  - Calm traffic to improve safety
- Reconstruct Nectarine Street to create a ‘green alley’
  - Create a pedestrian focused public space
  - Reduce stormwater runoff onto Mulberry Street
- Develop a Multi-Use Trail and Linear Park on Derry Street
  - Remove the cul-de-sac and curbing to create green space
  - Improve lighting and safety
